

Regelis National Authority

Treaty of Recognition

COMF

Public

The information in this document is public.

1. Content

The Merit State of Regelis formally recognizes the sovereign independence of the State of Vishwamitra. In turn Vishwamitra will receive the following benefits from Regelis. The ability to:

- (a) request intelligence information services, (and)
- (b) use their Regelian consulates as a third party mediator to solve international disputes, (and)
- (c) has citizens pass through land controlled by Regelis with an appropriate visa or passport, (and)
- (d) enroll its citizens, should they wish to do so, within an international coalition should an international crisis emerge, as defined by the Emisstace of Regelis.

Under normal circumstances we would include free design consultation, however it seems that Vishwamitra is more capabile than Regelis in providing this service to themselves.
